## ACTIVITIES

### **Cycle**

Laggan is perfectly located at the heart of one of the best cycling destinations on the planet. Whether you're looking for a gentle ride along the coast or a challenging gravel experience there is something for every level of experience. Bike and e-bike hire is available on request.

### **Walk**

Discover some of Scotland's best walking routes, including stunning coastline, extensive forests, rugged hills and charming towns and villages. At Laggan we have our very own walking route which winds up the hill, past our whale bone viewpoint and up to the BBQ hut which can be hired for lunch or dinner.

### **Golf**

Dumfries and Galloway present some true first class golf experiences including phenomenal courses at Southernness, Powfoot, Kirkcudbright and Castle Douglas. Get in touch with our team to plan your next golfing break.

### **Star Gaze**

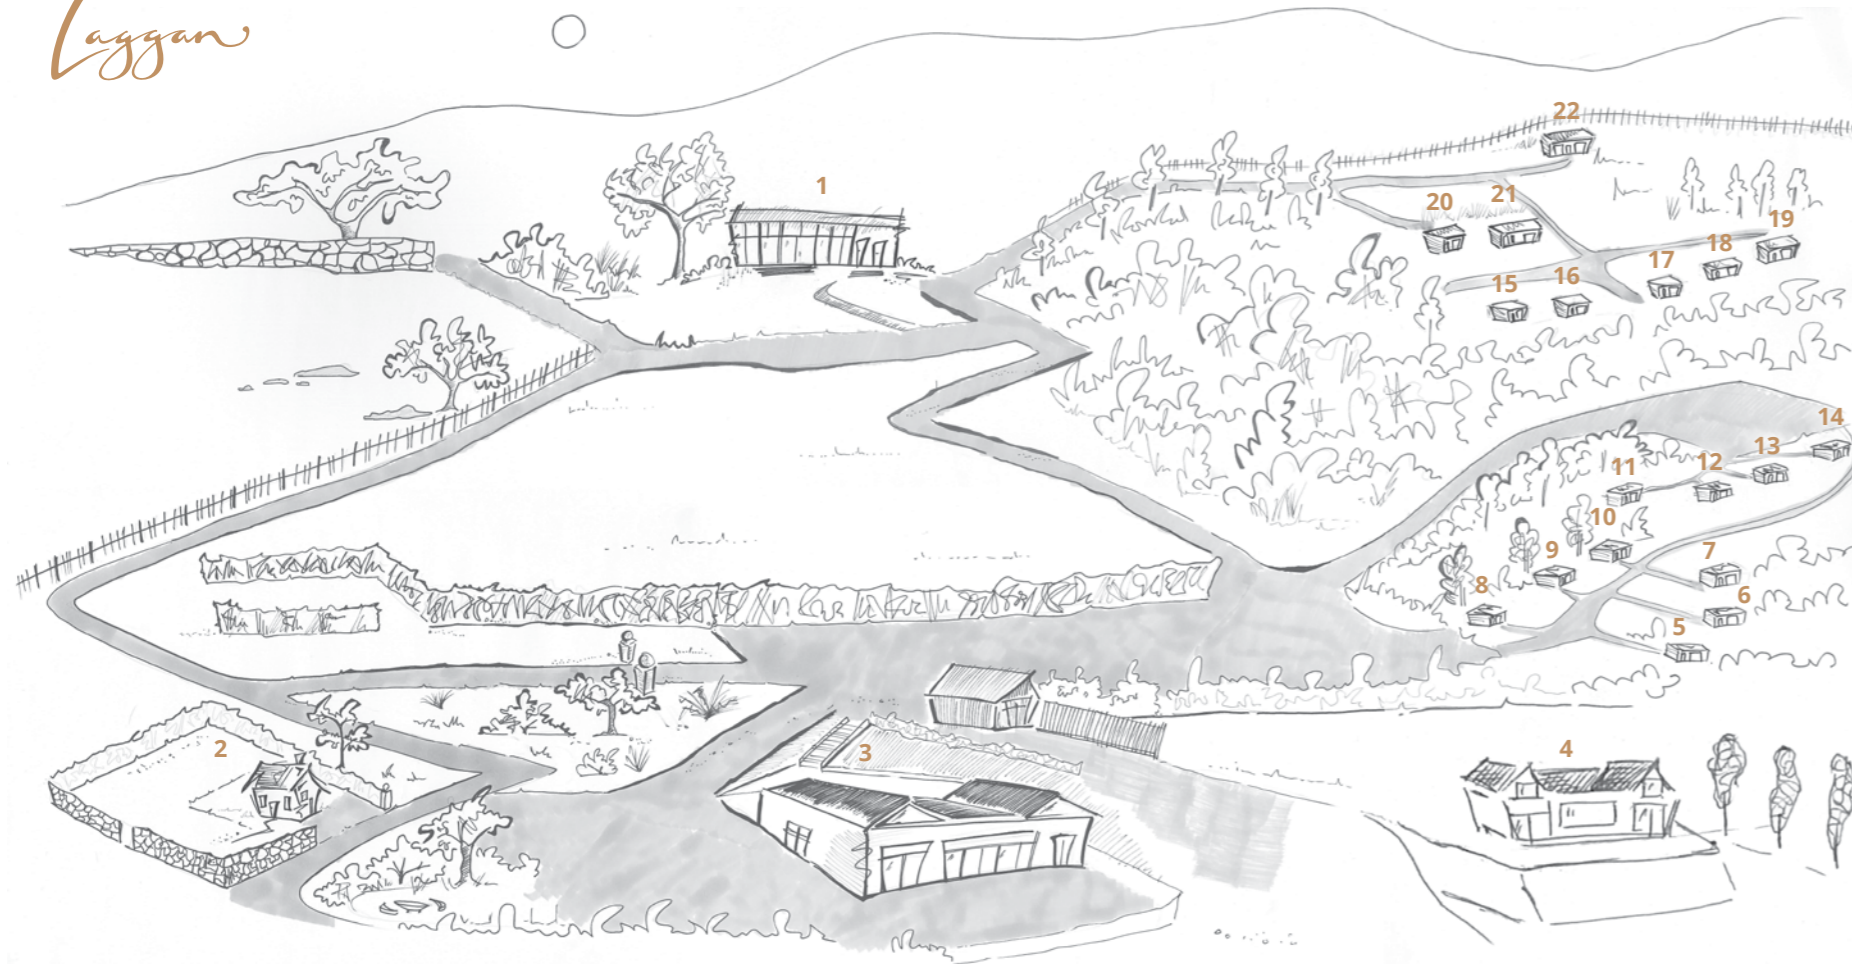

We are lucky to be located in a certified Dark Sky area which is a place with exceptionally dark night skies.

Since 2009, Galloway Forest Park has been designated by the International Dark-Sky Association as only the fourth Dark Sky Park in the World, and the first in the UK. It's been named a Gold Tier park for its breath-taking and rare stargazing conditions. Join us here to view the beautiful night sky whether that's up in the hills behind Laggan or from your own hot tub in a sea view snug.

### **Forage**

Eating wild food helps to restore the connection between humans and nature. Join us on a foraging tour along the coast and find ingredients for your supper with a local guide who will help you identify the best nature has to offer.
